

ZAHEER RACHAKULA

Computer Science & Information Systems Student

Vellore, India | +91 9177195797 | zaheerrachakula@gmail.com | [itszr.site](#) | [LinkedIn](#) | [GitHub](#) | [Leetcode](#)

OBJECTIVE

Computer Science student specializing in Software Engineering, seeking to contribute to product-based companies building real-world, user-facing software. Interested in data-driven analysis, AI, and machine learning — both using AI to build products faster and building AI systems myself — with a focus on creating genuine user value and contributing to company growth.

EDUCATION

MTech (Integrated Dual Degree), Computer Science Engineering & Information Systems <i>Software Engineering Specialization · Vellore Institute of Technology (VIT), Vellore</i>	2024 – 2029
Intermediate (12th), PCM — Sri Chaitanya Junior College, Machilipatnam, AP, India	2022 – 2024
X Standard (SSC) — Narayana English Medium High School, Machilipatnam, AP, India	2022

PROJECTS

GoLo — Culture & Heritage-Focused Travel Platform

Independent project, built with Lovable

- Designed a travel product that highlights local food, traditions, and lifestyle alongside standard trip planning, so travel reflects a place's culture, not just its scenery.
- Took the product from concept through problem analysis, to work, live building and working independently end to end.

SKILLS

Languages: C, Java, Python, [HTML/CSS] | Tools: Git, GitHub | Currently building: AI/ML fundamentals, data handling

EXPERIENCE

Campus Ambassador - Dev Town

- Promoted Dev Town's tech events at VIT and helped drive student participation and engagement. Aug - Sep 2024

Developer & Scientist & Engineer

- Building small software projects and learning to strengthen programming fundamentals and practical development skills. 2024 – Present

ACHIEVEMENTS

- 2nd Place, Cultrix Hackathon — organized by the IEEE x VIT club – Yantra '26
